Treating the world well[®]

Enhanced Collagen Lotion

Stimulen™

- Stimulen™ is a thick lotion, with a very high collagen content, designed for stimulating cell growth in skin damaged by the sun and age as well as exposure to chemicals, soaps and detergents.
- It is recommended after dermatology treatments such as dermabrasions, chemical peelings, eyelid surgeries and procedures using lasers, radiofrequency, TCA and pulsating light.
- Stimulen™ can also be used to hydrate and soften callouses, wrinkles and dry skin. This product has been proven to be bacteriostatic and fungistic.

Instructions for Use:

Apply 2 to 4 drops of the lotion evenly over affected area to deliver maximum benefits to the skin. Reapply as needed.
