“Treating The World Well”® is our company philosophy. Since 1983, Southwest Technologies, Inc. has manufactured and distributed products of high quality to assist in the therapies of wound management, pressure reduction and hot/cold therapy. Our unique patented technology, Elasto-Gel™, has proven to be effective through actual use, supported by case studies and clinicals documenting the efficacy and effectiveness of our products. SWT will continue to apply the principles of chemistry, physics and biochemistry to our technology and produce innovative products to assist in wound healing and pain management.
